

Business Finance Group (BFG) successfully underwrote, packaged and submitted to SBA a \$1,012,000 SBA 504 loan for one of the banks we provide consulting services to. The borrower, a bank customer, wanted financing to acquire a sushi restaurant in Huntington Beach, CA. To successfully fund, we had to address the following:

1. Bank unfamiliar with SBA 504 loan program

Prior to our involvement, the bank was slow in responding to its customer to acquire a sushi restaurant, because the bank had not completed a SBA loan before. With our involvement, we quickly underwrote and structured the loan request to meet the client's escrow deadline.

To ensure the success of obtaining suitable business financing or business insurance for our clients, we thoroughly analyze and evaluate every transaction engagement.

We look forward to working with you and your clients, who you feel require business financing and/or business insurance to allow their businesses to successfully expand their business horizons.
