Dated: Apr 07, 2010

Business Finance Group (BFG) arranged \$504,000 in SBA financing to provide equipment acquisition, debt consolidation and working capital financing for a client located in Los Angeles who provides Event Lighting Rental and Production services.

Business Finance Group (BFG) successfully arranged \$504,000 in SBA financing to purchase equipment, consolidate short-term equipment debt and to provide permanent working capital for a client located in Los Angeles, CA who provides event lighting rental and production services. To successfully funding, we addressed the following:

Cash flow available for debt repayment was dependent upon analyzing the cost/benefit of acquiring new equipment compared to subrenting equipment from competitors. Without this cost benefit adjustment to cash flow, the historic debt repayment was less than 1.0X. We worked closely with the client to prepare this analysis presentation for the Bank.

While many SBA lending participants have either substantially reduced or eliminated their SBA loan participation, Business Finance Group (BFG), with its core community bank lending partners, has continued to be a very active participant and is positioned well to assist small businesses to take advantage of the latest positive developments for the SBA 7(a) lending program.

BFG has more than 40 years of combined SBA lending experience. Please call one of our qualified staff to discuss how Business Finance Group can provide small business financing assistance.
